Preliminary Inspirational  
Lighting Research

The background of the slide is a dark, atmospheric illustration of a city skyline at night. The sky is a deep, dark blue-grey, and a large, bright red moon hangs in the upper center. The city below is mostly in silhouette, with some buildings and structures visible against the dark background. There are some small, glowing orange and red lights scattered throughout the scene, suggesting city lights or perhaps a fire. The overall mood is mysterious and dramatic.

# Information

- These images represent ideas that could incorporate the technological research presented by my assistant and other creative team members.

Open World with larger
